Professional Summary

Full Stack Developer with hands-on experience building scalable web applications using MERN Stack (MongoDB, Express.js, React.js, Node.js). Skilled in JavaScript, SQL, Authentication, REST APIs, Git, deployment, debugging, and responsive UI development. Passionate about solving real-world problems and building high-performance software products.

Technical Skills

Languages: JavaScript, SQL, C++, HTML5, CSS3
Frontend: React.js, Redux, Tailwind CSS, Bootstrap, Responsive Design
Backend: Node.js, Express.js, REST APIs, JWT Authentication
Database: MongoDB, MySQL
Tools: Git, GitHub, Postman, VS Code, Netlify, Vercel
Concepts: OOP, DSA, DBMS, OS, SDLC, Agile, Team Collaboration

Work Experience

BAE AI Remote
Full Stack Developer Intern Oct 2025 – Present

- Engineered 10+ scalable MERN modules using React.js, Node.js, Express.js, and MongoDB, improving release speed by 30%.
- Designed AI-powered Voice Assistant and Shopping Assistant features used by active customers.
- Integrated 15+ REST APIs, boosting application performance and reducing manual workflows.
- Implemented JWT authentication and secure backend validation, improving platform security.
- Optimized frontend rendering speed by 25% through reusable components and code splitting.
- Collaborated in Agile sprints, code reviews, debugging sessions, and Git-based workflows.

Projects

JU Social Media Platform 2025
Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, REST API
Live Demo

- Developed full-stack social media application supporting authentication, posts, likes, comments, and profiles.
- Implemented secure JWT login system and 8+ REST APIs for dynamic user interactions.
- Enhanced user retention by improving mobile responsiveness and frontend performance.

Procrastinot Productivity Platform 2025
Tech Stack: MERN Stack, Socket.io, AI APIs, React.js
Live Demo

- Built productivity platform featuring focus rooms, group sessions, and AI-powered study planning.
- Increased engagement by 35% through collaborative real-time productivity features.
- Architected scalable MERN backend for concurrent multi-user sessions.

Education

Jadavpur University Oct 2024 – Present
Bachelor of Engineering in Information Technology
CGPA: 8.53 / 10

Certifications

- MERN Stack Full Stack Web Development Certification
- Data Structures and Algorithms Certification
- JavaScript and React Development Certification
- Git and Version Control Certification
